Valley Boy, Grove Girl Join to Win Annual Halloween Paint-Up Sweepstakes

Approximately 125 junior high and high school students swarmed into the shopping section of Lemon Grove last Saturday to participate in the second Annual Halloween Paint-Up, sponsored by the Soroptimist Club of Lemon Grove.

The students painted approximately 65 store windows to vie for prizes in the window painting contest. All expenses, supervision, and organization was accomplished by the women of the Soroptimist Club.

Prize money was contributed by approximately 80 Lemon Grove merchants.

The judges for the contest were Mrs. David C. Fletcher, Lemon Grove; Mrs. Warren Heyer, San Diego; and Mr. Charles C. Calkins, Spring Valley.

The Sweepstakes winner in the contest was the team of Janice Eckler, 8452 Mt. Vernon, Lemon Grove, and Michael Phillips, 10707 Jamacha Blvd., Spring Valley. Both are ninth grade students at Mt. Miguel High School. The Sweepstakes painting is on the window of Russell's Plumbing and Paint Store.

In the Junior Hi Division the Best Theme was won by Laura Swink and Karen Rusk, seventh graders at Lemon Grove Junior High. Their painting is at Espe TV. The Most Original was won by Barbara Woods and Janis Conner, Palm Junior High eighth graders, for their work on the window of the Lemon Grove Department Store. The Most Frightening was painted by Colleen Thornton, Palm eighth grader. The Funniest was painted by Mary Lynn Larsen, Lemon Grove Junior High seventh grader, at Michael's Hair Stylist.

The Best Theme in the Senior Division was won by Fredrick D. Kozak, Mt. Miguel sophomore, at the Union Station. The Most Original was done by Bobbi Tarditi, Mt. Miguel senior, at Rella's Shoes. The Most Frightening was painted by Phillip Kezar and Bill Couey, Mt. Miguel seniors, on the L.G. Rexall Drug store. The Funniest was painted on Rock Liquor by Hank Libolt, Mt. Miguel freshman.

The paintings were judged Sunday and the prizes were presented Monday. Painting and ribbons will be left on the windows through the rest of the week.

Just after the judging, the window with the Sweepstakes winner was cracked and the painting was scratched.

County Supervisors Approve LG Zone Change Request

SAN DIEGO (CNS)—A Lemon Grove property owner's insistence on action Tuesday persuaded the County Board of Supervisors to over-rule a County Planning Commission denial of a zone change on Imperial avenue.

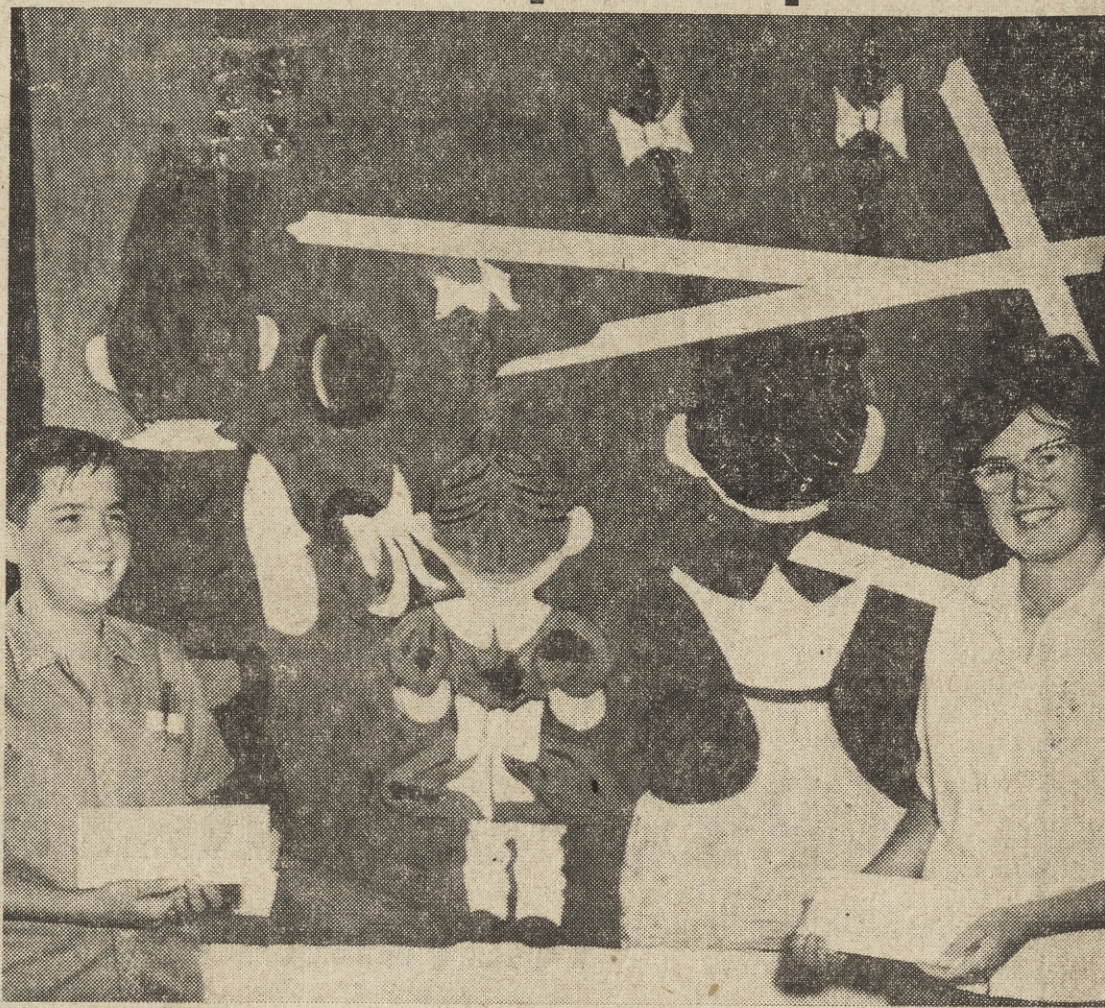

Frank V. Loveday was seeking commercial zoning to allow the construction of a business on Imperial, near its intersection Arcadia.

Board members agreed to visit the site before reaching a decision.

"You said last week you were going out to look at it," said Loveday. "Didn't anyone get out there last week?"

Supervisors assured Loveday they'd arrive at a decision next Tuesday, but he wasn't satisfied and as a result of his insistence Supervisors David W. Bird and J. W. Weber agreed to inspect his property during the lunch hour.

In the afternoon session, the change of zone from residential to commercial was approved unanimously.

SWEEPSTAKES WINNERS — Michael Phillips and Janice Eckler look at their window art with rightful pride. Their window won the sweepstakes prize in the second annual Halloween Paint-Up, sponsored by the Lemon Grove Soroptimists. The two were among more than 125 students who joined in the paint-up. The streaks across the window are strips of tape covering cracks in the window. The window was cracked shortly after the judging.

We think the Democrats may suffer as the result of a unworthy trick several candidates are using to suppress the press.

We have received several letters threatening this publication with a libel suit if we print certain utterances of their Republican rival.

This gratuitous advice was being received as late as Tuesday of this week and the latest one came on the stationery of James Bear, a National City attorney.

This threat to the freedom of the press reminds us that there may be more of this if these candidates get into office.

Mr. Bear, and the other candidates, too, could use their effort to better advantage by presenting a platform acceptable to the voting public rather than attempting to silence opponents by threatening the press.

Mr. Bear should know that this infuriating and ineffective

Supervisors OK Bank of America School Bond Bid

SAN DIEGO (CNS)—The sale of \$1,750,000 of 1960 series B bonds of Grossmont Union High School District to the Bank of America was approved Tuesday by the County Board of Supervisors.

The bonds were bid in at an interest rate of 3.77982 per cent, which County Treasurer Delaven Dickson told Supervisors was the lowest obtained recently by any county agency. He said it was lower than the rate at which the county recently sold its own bonds for erection of the county hospital.

The Bank of America bid was the lowest of three submitted on the Grossmont district bonds. It will mean cash interest payments totaling \$763,639 during the term of the bonds.

'Mother's' Request For Dance License Refused by Board

SAN DIEGO (CNS)—A permit for dances at "Mother's," in Lemon Grove, was turned down Tuesday by the County Board of Supervisors, on a report from the sheriff's office that the place is patronized by "disorderly persons."

The applicant for the dance license was Eva N. Kincaid, and the sheriff's report told of a recent disturbance which developed into a near riot.

Supervisors, in addition to refusing the license, voted to repay the funds deposited to obtain the license.

Weekend Burglars Hit Mt. Miguel HS, Church

Two public places were burglarized over the weekend, according to a report from the El Cajon office of the Sheriff's Department.

The Mt. Miguel High School auto shop was broken into sometime Friday or Saturday night. After entering the shop the burglar or burglars then broke into the toolroom and took new tools valued at \$365. Sheriff's deputy Robert Ryan said the tools had not yet been engraved with the school's name.

The second burglary was in the Lutheran Church at Skyline and Alton in Monterey Heights. Rev. H. C. Bakken, pastor, said he came home from San Diego about 10:30

There will not be reduced insurance rates for Lemon Grove and Spring Valley homes.

A new rating schedule which went into effect November 1st and announced at providing 20 to 30 per cent reductions for most suburban homes will not bring relief to this area.

According to Clyde E. Grover, manager of the San Diego branch of the Pacific Fire Rating Bureau, the new schedule will effect one and two family homes in districts having multiple rates below a national board rating of eight.

Lemon Grove has a rating of six.

Spring Valley has a rating of six and nine.

Ratings range from one to ten with national board rating of one proving the lower insurance rate.

Grover said the new ratings apply where there are several ratings within a district. The lower rating is then given to all one and two family units in the district because it is assumed that better facilities (and lower rating) of the district will benefit the entire district.

Spring Valley's rating of nine will not be helped since the reductions start in the eight-and-above area. The six rating will stand, however.

The Pacific Fire Rating Bureau operates under the direction of the State Bureau of Insurance but is supported financially by about 90 per cent of the insurance firms operating in the state.

In Spring Valley, an addition-

al fire station facility is being built near Spring Valley Estates. It is expected to be completed in March, 1961 according to Spring Valley Fire Chief Frank Berger. In a re-rating of the district after the station is operated, part of the district may get the benefits of a better rate and a subsequent lower insurance cost, it was pointed out.

'Await County Council Report

SAN DIEGO (CNS)—Action on proposed county controls of divisions of land was put over for a week by the County Board of Supervisors on Tuesday, to await a report from the county counsel's office.

Robert Berrey, deputy county counsel, was expected to have his report and a suggestion on a new ordinance for Supervisors this week.

Bertram McLees, Jr., assistant county counsel, told the Board that Berrey would have his recommendations in time for next week's session of Supervisors, to be held on Wednesday because of the Tuesday election.

Although the hearing has been "closed" on the proposed "split lot" ordinance that a Board-appointed committee proposed to Supervisors last March, there were a number of interested spectators present Tuesday.

The Board had on its docket a recommendation from the County Planning Commission that it approve the committee-proposed ordinance, and Supervisors began to discuss this without seeming to realize that they had also asked for a report from Berrey that would be forthcoming in a week.

"Personally," said Supervisor Robert C. Dent, "I think we should do something today."

Supervisor De Graff Austin said that he would vote against the ordinance proposed by the committee.

The Board adjourned for lunch, agreeing to take the question up again in the afternoon session.

McLees then reported on Berrey's report, and the Board agreed to put off action for a week. However, some of the interested persons remained, so the subject came up still another time.

This time it was decided that no more persons would be allowed to give their views. McLees said the Board could hear anybody it wanted to, as it was not necessary to hold a scheduled public hearing on such an ordinance.

"If we tell these people they can be heard," said Supervisor David W. Bird, "this place will be crowded. Tell them to put anything they want to say in writing."

Roy Woodward, El Cajon, asked if interested persons would have a chance to see the county counsel's recommendations.

Austin said the report would be available this Thursday, at the clerk of the Board's office. But McLees disagreed, saying that Berrey hoped to get it done by the end of the week, in time to get on next week's docket, but that he might not finish until Monday.

The county has been without controls on land divisions for a year and a half. The state restricts divisions of a piece of land into more than four parcels, but District Attorney Don Keller has told Supervisors that this law is being violated because the county has no controls.

The county proposes to control all divisions of land, from into two parcels and upward. The purpose is to try to insure creation of parcels of land that are usable from their shape, their access to a public road, and their size.

County Tax Bills Sent

County tax bills are being distributed to residents here this week and most of the bills are higher, according to scattered reports.

Wilbur W. Easton, county tax collector mailed tax statements to more than 321,000 property owners Monday for taxes due in the 1960-61 fiscal year.

The bills amount to more than 100 million dollars and cover the various county functions plus school tax and Water Authority charges. Helix Irrigation District tax bills were mailed the previous week.

Bills, as usual, are in two installments - the first becoming due December 10 and the second April 10.

Six per cent penalty will be added to delinquent amounts.

DOROTHY DIGS in the garden
Watering—Keep up your watering schedule in your garden faithfully until such time as we have enough heavy rain to have thoroughly penetrated the soil. Remember that we have had the hottest, driest summer in many years and our plants have suffered, just as we ourselves have suffered, from this unaccustomed heat.
Deciduous Fruit Trees—Your stone fruit trees should be watered with a long, slow irrigation once a month until the full rains are plentiful.
Lawns—If the weather remains warm through November, new lawns or renovated lawns can be watered as often as twice a day, morning and afternoon, when the temperature is high.
Other Shrubs and Plants—Keep up your whole watering program just a little more generously than you did last year in order to give the plants extra strength and vitality to withstand the winter. Remember many of them are in a weakened condition and require this extra assistance.

Indoor Sports Club To Sponsor Dinner
The San Diego Indoor Sports Club, Inc., will hold a benefit bazaar and dinner at the clubhouse, 3030 Front st., Saturday, November 5. Dinner will be served from 11 a.m. to 7 p.m. The bazaar will be open until 9 p.m.
There will be booths with Christmas trees, embroidered pillow cases, aprons, dried flower arrangements, decorated candles, pot holders, fancy coat hangers, kitchen gadgets, antiques, woodwork, and candy. There will also be a baked goods booth, green thumb garden section, dolls, toys, Christmas cards, plus a white elephant box.
Funds from this year's bazaar-dinner will be used for painting the original building to match the new addition; landscaping and beautifying the grounds and surrounding canyon slope and other unfinished projects, in addition to financing the operating expenses of the club.
Tickets may be secured from any member of the Indoor or Good Sports Clubs, or at the door.

Throwin' the Bull
By Bob Turnbull
While thumbing through a San Diego daily paper the other day I came across a ghost!
This ghost was the reincarnation of a Hell High School senior feline I used to date when I was a junior at Highlandville. My eyes bulged when I saw this picture. The face was the same, the address the same but the name and age didn't quite match my memory. I thought I was looking at the '53 Green 'n' Silver band major—ette named Marlene Killman.
Instead I was staring at Marlene's little sis, 15-year-old Mary Ellen. And W-O-W, what a doll. Mary Ellen probably wouldn't remember me, but I met her when I used to pick Marlene up. At that time Mary must have been all of eight or nine years old. (Kinda dates me, doesn't it?) To me she was just another punchy little sister that I automatically disliked.
But as my eye scanned the picture and I saw an exact replica of Marlene I was amazed to see first-hand how God allows little girls to grow up to be, shall we say, very healthy little girls.
Marlene was a doll, and undoubtedly still is (whatever happened to her?), and her sister certainly picking up the slack, especially when she wins titles like "Miss Teenorama."
I know you won't remember me Mary Ellen (Oh, if only I were younger) but please accept my belated congratulations and sincere wishes for pleasant success in whatever chosen career you undertake.

(Continued)

threat will produce nothing but animosity and disrespect.

There was an interesting Halloween experiment carried on at the Mt. Vernon school in Lemon Grove Monday night. The PTA of that newly opened school decided to hold their carnival the same as the other schools, but everything was free, food excepted.

We visited with Principal Wiley Cornelius during the evening and the affair was a great success from an attendance point of view.

We were pleased to see youngsters standing in line up to fifteen minutes to get to the booths. Then they would fall in at the bottom of another line for another wait and another game. Everyone seemed to be having a swell time, including overworked parents.

There were two points worth noting in the free experiment. Did it have an adverse effect on the attendance at the pay-at-the-booth carnival? (It didn't). And did it keep the youngsters off the street and out of trouble? Apparently it did. Tuesday morning we made a small survey of some of the neighbors near Mt. Vernon school and our suspicions were confirmed. There were fewer little goblins and witches walking the streets in the Mt. Vernon school area than could be remembered in history.

Parents who will take part in next year's Halloween carnivals might make a note of this success.

IT'S PATRIOTIC TO VOTE

By Tommy Thomas

There are many ways to show you are a patriot of the United States and one of these is to exercise your privilege of voting.

This year, more than ever before, people all over the nation have been urged to go to the polls and vote. Not only are we to vote for the Presidential candidate of our choice, but on many important issues that will affect the lives of all us Americans.

But many of us... far too many, fail to use our privilege of voting. And when the final count of the votes is made, those who failed to register and vote will be wailing their dissatisfaction the loudest.

Figures show that in the year 1800 there were nearly four million people in the United States and the 1960 census showed over 177 million. All the more reason to vote... more issues coming up all the time.

In 1920, the 19th Amendment gave women the right to vote and since then they have outnumbered the men at the polls. At the last count there were 56.1 million women registered to vote against 52.7 million men registered. It is expected that the women will outnumber the men at the polls on November 8.

In John B. Wells book "The Voters Presidential Handbook" it says in part that in the United States Presidential elections, only about two-thirds of the registered voters have gone to the polls. Wells points out that Americans have more freedom in their voting privilege than are those of Costa Rica and Uruguay, where all citizens are required to vote.

His book also points out seven steps you can take in politics for yourself:

1. Know the candidate and the issues.
2. Don't fail to vote.
3. Enroll in a party and vote in the primary.
4. Contribute money to your party.
5. Be a campaign committee of one.
6. Keep in touch with the person elected.
7. Send letters to the newspapers and other media.

It has been proved that in small elections, such as are held in small communities, voters are reluctant to go to the polls. This was noticed at a recent election for fire commissioner in a small California community. Out of 6,000 eligible voters only 400 cast their votes.

Of course there are restrictions in voting where some citizens of the United States are not permitted to vote. At one time the American Indian was not permitted to vote, but a law has been passed permitting Indians of all the Indian Nations to vote.

Some other persons of the United States not permitted to vote are idiots, insane persons, in some cases persons who have committed serious crimes, and members of the armed forces who have been dishonorably discharged for

Lemon Grove UF Drive Nears \$7000 Quota

The United Fund drive in Lemon Grove was nearing its quota this week as campaigners reported they had collected \$5,327, or 73.8 per cent of the \$7,216 local goal.

Byron Netzley, Lemon Grove Division chairman, said the campaign will be extended until the goal is met.

Overall, the campaign has raised \$1,906,697, or 58.6 per cent of its \$3,250,000 goal. "No campaigner has a job so

big that it cannot be finished this week," Netzley said. "The money is needed, and needed urgently, by those important agencies. They started Tuesday, November 1, to use money collected in this year's campaign. "Obviously they cannot continue to operate for the full year unless money is collected for them to draw on." The Residential Group, last to enter the field, is setting the pace in the Lemon Grove Division.

tion, with 162.9 per cent of its quota raised. The Government and Education Group also has gone over its goal with 119.6 per cent, and the Commerce and Industry Group is knocking at the door with 85.4 per cent.

STRIKE A BLOW

AT THE INTERNATIONAL

COMMUNIST CONSPIRACY

BY VOTING FOR SOUTHERN CALIFORNIA'S

NO. 1 COMMUNIST TARGET!

The well-known pattern of Communist aggression, so effectively used in Cuba, is clearly evident in the 28th Congressional District. Using front organizations such as the American Civil Liberties Union, Communists are spreading a carefully prepared series of lies and distortions concerning our four-term Congressman James B. Utt. He has been marked for political extinction by the International Communist conspiracy because he has had the courage to expose their activities in our Congressional District. Communists are specially trained for this purpose. They play individual against individual; church against church! and organiza-

tion against organization. We have witnessed their work in the last week. They have distributed untruthful literature to the churches of the district seeking to confuse by misrepresentation. They accuse Congressman Utt of trying to violate the First Amendment to our Constitution, in spite of the fact that the Defenders of the American Constitution selected Congressman Utt as the ONE member of the whole Congress to receive its annual award for his outstanding support and defense of that Constitution. DON'T PERMIT ONE OF THE PRINCIPAL GUARDIANS OF YOUR FREEDOM TO BE SACRIFICED.

GIRL SCOUTS
The National Program and Personnel departments of the Girl Scouts of America announce the International Opportunities for adults for the 1961 season. Many persons may have the background and experience to qualify for an opportunity to see International Scouting in action.

The Visitor - Observer exchange of adults interested in various phases of Girl Scouting such as leadership of troops, training programs, administration of a local council, and public relations. Generally, within a year, one or two persons come from and go to visit a country for a three-month period of observation. These exchanges take place with about eight countries annually.

A specific assignment would involve being sent to another

country to assist in the further development in one aspect of Girl Guide/Girl Scout program. For example, U.S.A. adults have helped train Latin Americans in the establishment of day camp programs; a Japanese trainer has been a consultant in the arts on a traveling arts caravan. Leaders accompany girl groups traveling abroad.

Cooperative projects with other organizations give Girl Scout adults an opportunity to participate in programs of other organizations interested in cross-cultural programs.

International gatherings, Conferences, Workshops, International Camps—Girl Scout adults participate in such events here and abroad. Usually, these are invitational events, sponsored by Girl Guide/Girl Scout associations or the World Association and are varied in scope. For example, the Young Adult gatherings, editors' conference, theatre arts workshop, experienced leaders' conference. Check with the library at San Diego Girl Scout headquarters for full information.

TROOP 322
Troop 322 of Lemon Grove, sponsored by VFW Post 2082, held their monthly Campout at Camp Buttercup in the Horse

Haven area of the Laguna Mountains October 15 and 16 with Troop 47 of Spring Valley. A snipe hunt was held Saturday night. As usual no snipes were caught because the weather was so cold.

Sunday morning Troop 322 participated in some phases of personal fitness, toward Merit Badges.

Scoutmaster H. C. Stubbs, along with Ass't Robert Wilbur and George "Doc" Holland, took the following boys: Bobby Wil-

bur, Tommy Stubbs, Neil Good, Larry Wilbur, George Holland, Ronald Robertson, Roy Lehton, David Walker, Frank Pecararo, Jimmy Cusseau, Kenny Schmeltzer, Robert Boro, Richard Markowich, Eddy Jenkins, George Holderbach, Robert Lee

Frank Sanderson, Mike Hartog, George Nelson, Joe Nelson, Bruce Abbott, James Cross, Paul Hammerschmidt. Four fathers went along with the Troop, Perry Erickson, Richard

Hammerschmidt, Leo Cusseau and Victor Lee. Aside from the cold toes, sniffling, and winds tearing down several tents about midnight, everyone had a grand time.

What Teachers Know About Your Child

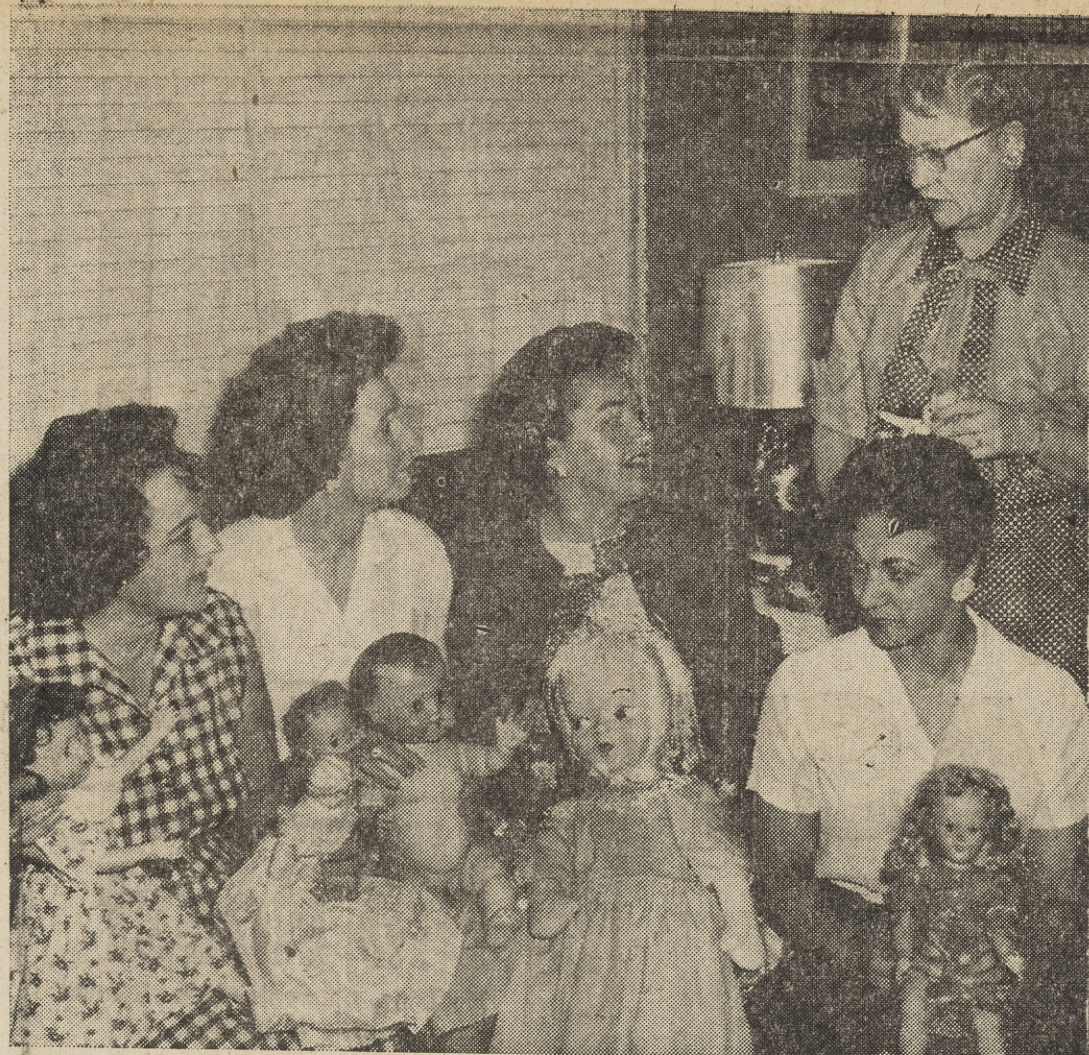

Typically, an elementary-school teacher, during a thirty-year career, will live with, work with, and love more than 1,000 children. (How many parents can claim that amount of experience?) Teachers receive extensive training in child psychology. They learn to recognize the signals of potential delinquency... they learn that reading difficulties often result from emotional problems... they learn the characteristics and needs of children at each age level.

If you are wondering about your child's school life, visit his school and talk to his teacher during

Natural Gas Capacity To Be Doubled Here

More natural gas will be available to its customers when San Diego Gas & Electric Company's new 30-inch transmission pipeline is completed and placed in operation at the end of this year, the firm announced.

Work is progressing according to schedule on this \$7,500,000 facility which will extend 52 miles from Rainbow, near the Riverside-San Diego Counties border, to Friars Road in San Diego.

The new pipeline installation will double the deliverability of natural gas, specifically from 175 to 350 million cubic feet a day.

Seaboard Finance Co. Opens Grove Office

The Seaboard Finance Co. will open a new office in the Lemon Grove area about November 15, as soon as the building and parking area are finished, according to the manager, Richard K. Patton, now manager of the National City office. The L.G. branch will be located at 3123 Imperial avenue, near the Food Basket Market.

Patton said there will be two others in the office besides himself. Also the L.G. branch will be the home office of the regional manager "Tommy" Thompson. The Lemon Grove branch of Seaboard will have an International Credit Card setup, at least for the present, Patton said. The office will serve the Lemon Grove, Spring Valley, and Encanto areas.

SV Welfare Group Seeks Sponsor

"Does anyone, or any family, or any organization in the Spring Valley area care to adopt a needy family during the holidays?" asks Mrs. Mary Clark of the Spring Valley Welfare organization.

Mrs. Clark points out that there are several needy families in the area who can use a basket of food or a dinner during the coming holidays. Persons or organizations caring to share in this worthy cause may phone Mrs. Clark at HO 6-4443.

Lemon Grove Rotarians will join with nearly half a million Rotarians in 116 countries next week for a special observance of "The Rotary Foundation Week." It was announced today by Arvid T. Johnson, president of the Rotary Club of Lemon Grove.

The Rotary Foundation seeks to promote understanding and friendly relations between the peoples of different nations. Its major activity is granting Rotary Foundation Fellowships to outstanding graduate students for one year of study abroad as Rotary ambassadors of good will. Since this program was established in 1947, 1,322 young men and women from 67 countries have received Rotary Foundation Fellowships for study in 45 countries, with grants averaging over \$2,500. Total grants by The Rotary Foundation for this activity now exceed \$3,300,000.

Local Rotarians will highlight their observance of "The Rotary Foundation Week" at their meeting on Monday, in the El Morocco Cafe with a presentation by a panel composed of Arthur C. Wells, Delmar Gray, Paul Anderson and Miss Nancy O'Connor who had a Rotary Foundation Fellowship in Australia.

LEARNING
IS HIS
BUSINESS

The youngster in school is like the man in business for himself. If the student is on the job every day, works hard and makes every minute count—he stands to realize sizeable profits. Why? Because job opportunities are better for persons with high school and college educations. Do the children in your community have rich and vital educational opportunities? Are many leaving school before graduation? Are a number of the gifted failing to go on to college? To find out what is true in your town, visit your schools during

NIXON and LODGE

A Great Team for
a Greater America!

5 Reasons Why you should Vote for NIXON and LODGE!

1. Because they are trained by long years of experience in dealing with the Soviets—more so than any other team in America.
2. Because both men have served in both Congress and Cabinet and know all sides of government.
3. Because they are members of the Eisenhower team that gave Americans the greatest prosperity in history, a prosperity they will boost even higher.
4. Because they are on a first-name basis with most world leaders.
5. Because they agree; they will work together and not at cross purposes.

THE BEST TRAINED CANDIDATE FOR THE WHITE HOUSE IN AMERICAN HISTORY—AND A WORLD STATESMAN OF THE FIRST RANK—THIS IS THE TEAM THE REPUBLICAN PARTY HAS NOMINATED FOR PRESIDENT AND VICE PRESIDENT IN 1960.

First National To Spread \$1 1/2 Million Christmas Cheer

Holiday business in San Diego county will get a \$1,439,193.13 boost next month when 11,189 Christmas Club members of The First National Trust and Savings Bank of San Diego receive their Christmas Club checks.

First National Bank is one of 8,000 financial institutions distributing 1,452 billion dollars to approximately 13 million Christmas Club members throughout the nation.

First National paid \$1,243,329.43 to 9,168 Christmas Club members last year, said Jack W. Koop, vice president and manager of the bank's Lemon Grove branch.

Surveys by Christmas Club, a corporation, nationally show that of this year's 1,452 billion dollars to be distributed, approximately 435 million dollars will be used for Christmas purchases. Of the remaining funds 740 million dollars will be transferred to permanent savings, 145 million used for taxes, 101 million for year-end bills, and 29 million for miscellaneous items.

Board Approves \$600,000 Loan To HS District

SAN DIEGO (CNS)—A loan of \$600,000 to the Grossmont Union High School District has been approved by the County Board of Supervisors.

The loan is one of the largest ever sought by a school district. It is to be used to enable the district to meet current operating expenses, while awaiting the receipt of funds from taxes, due in December.

The treasurer's office reported to Supervisors that the Grossmont district has ample tax revenues coming to repay the amount of the loan.

VOTERS

IN — Lemon Grove, La Mesa, El Cajon, Santee, Spring Valley, Grossmont, Lakeside, Barrett, Dulzura, Jamul and Alpine.
PROPOSITION "O" SCHOOL ELECTION, NOV. 8, 1960

YES	?	Formation of a Junior College District comprising same area as Grossmont Union High School District	NO	?
-----	---	---	----	---

Why Vote "YES"?

To create a legal entity with authority to:

Bring to within a district-wide scope, from the present statewide scope, the making of decisions regarding grade 13 & 14 education for our high school graduates.

Provide for education of pupils in 13th & 14th grades (mandatory for J.C. dists.), and levy taxes on property in the district to pay costs (except as paid from state funds — currently 10% - 30% in junior colleges).

Establish and maintain 1 or more junior colleges (mandatory for junior college districts).

Subject to approval by 2/3 of voters in a special election, issue bonds up to 5% of the value of taxable property in district, for junior college construction, and levy taxes for redemption.

Accept, expend and repay state school building funds, subject to specific approval by voters.

Annex other districts and establish a separate governing board and administration for a junior college district.

Why Vote "NO"?

To refrain from duplication of higher education facilities and curriculum that are the responsibility of state college & university establishments.

To oppose increase in percentage of education costs supported by property taxes. To attain maximum effective education per tax dollar expended. (Existence of a J.C. dist. does not cause lowest costs for equivalent education).

To avoid risk of a J.C. dist. but no J.C. if this proposal wins and a subsequent bond election fails. (The "big money" on both sides of this issue is being reserved for use, if necessary, in a bond election battle where 1 "NO" vote would equal 2 "YES" votes).

To minimize risk of being unable to subsequently reorganize component elementary districts according to the desires of individual communities. (Cal. Ed. Code specifies less freedom to reorganize after formation of a junior college district, than before).

To strive for self-determination in all public school affairs, by the voters in individual communities; including whether or not to be in a J.C. dist., and whether or not to have a grade 13 - 14 educational program within the community. (Unified districts, not a J.C. dist., offer this).

WHY VOTE?

All people benefit from the education that students obtain in our public schools, and every taxpayer pays taxes to provide it. Generally, voters and taxpayers are the same people. Therefore, everyone benefits, everyone pays, and those who take advantage of their opportunities, vote. If every voter studies the facts—decides—then votes intelligently; this election will truly express the desire of the people in Grossmont Union High School District.

This information is offered in the interest of truth in school election issues. I have obtained it during 3 years of membership on the GUHS Dist. Citizens Advisory Committee and from my own individual research. I paid the cost of this advertisement out of my own personal funds earned while a resident of GUHS District.

Guns will be available for those who do not wish to bring their own. Ammunition will also be available. There'll be plenty of turkeys, he said.
